

DIARY NOTES

ADD/A (Colonel White)

4 February 1952

1. I furnished Mr. Hedden some information on our ability to supply a sizeable quantity of arms and ammunition for a project which has not yet been developed.

25X1A9a

2. I directed [REDACTED] to prepare a memorandum to Assistant Directors and Staff Chiefs located in the reflecting pool area asking for their comments and recommendations on Saturday parking in that vicinity.

3. After I was told by an acquaintance at a dinner party on Saturday night that he had understood that [REDACTED] had gone to [REDACTED] on behalf of CIA, and since Matt Baird, according to General Davison, was told the same thing by an entirely different source, I passed this information on to Sheff Edwards and asked for his recommendations as to what we should do about it. He will let me know after checking to see whether or not [REDACTED] is [REDACTED]

4. Bill Peel was in to report on a meeting at NSRB with reference to Emergency Planning. They have asked us to supply a list of our personnel so that they might tell them where to report in case of an emergency, etc. Bill told them that we could not comply for obvious reasons.
